Dear Lunga,

OFFER OF EMPLOYMENT

I have great pleasure in extending an offer of permanent employment to you at Kurtosys Systems SA (Pty) Limited.

Details of employment

Your employment will commence on 18 May 2026.

Please be aware that this offer of employment is contingent upon and subject to the necessary employment verifications, references and security checks meeting our satisfaction, including pre-employment background screening. Should these checks not prove satisfactory, this offer of employment may be immediately withdrawn or cancelled.

Your role will be that of Database Engineer(or such other capacity of a like status as we may require from time to time). You will be a key member of the Technology team, responsible for designing and developing logical and physical databases, as well as data architecture. You will ensure the integrity and performance of company databases and collaborate with other teams to diagnose and resolve issues, engineer high-quality solutions, and champion best practices

to maintain optimal performance and scalability. You will also play a critical part in ensuring database security, implementing backup and recovery procedures, and proactively monitoring database systems to prevent downtime. Your expertise in tuning queries, optimising database performance, and managing data storage solutions will directly contribute to the efficiency and success of the company's operations.

In addition to your primary responsibilities, the team is expanding its focus to include supporting Machine Learning (ML) and Artificial Intelligence (AI) initiatives. While this is not the core aspect of the role, it offers an exciting opportunity for you to gain exposure to cutting-edge ML and AI technologies and contribute to these innovative projects. This added function will provide you with the chance to broaden your skill set and engage with emerging technologies, positioning you at the forefront of technological advancements within the company.

You will report to Yogeshwar Phull or to any other manager appointed to supervise you from time to time.

Your normal place of work will be at 454 Bokamoso, Bleskop (or such other place as we may require from time to time).

Your hours of work will be Monday to Friday 09h00 to 18h00 with a daily lunch break of one hour. You may be required to work outside ordinary hours of employment if Kurtosys considers it necessary to meet the needs of the business and you hereby agree to do so if necessary.

Your employment is subject to a 6 (six) month probation period.

Remuneration

You will receive a gross salary of R504,000.00 per year before deductions, based on a Cost to Company (CTC) basis.

Your salary, less deductions, will be paid monthly in arrears on or before the last day of every month. Your salary will be paid directly into your bank account by electronic funds transfer (EFT).

We may review your salary once a year without any obligation to increase it.

Annual Leave

You are entitled to 20 (twenty) working days annual leave during every 12 (twelve) months of continued employment. At your 2 year work anniversary, you are entitled to 22 (twenty-two)

working days annual leave, and an additional day for every year after to the maximum of 25 days.

You will be paid your normal salary during your annual leave.

Termination

This agreement may be terminated at any stage for misconduct, incapacity, poor performance or the operational requirements of Kurtosys or for any reason justified in law.

Your employment may be terminated either by you or us on giving 1 (one) week's written notice during the first 3
(three) months of employment, 2 (two) weeks' written notice during the first 6 (six) months of employment, and, thereafter, 12 (twelve) weeks' notice in writing.

Standard Terms & Company Policies and Procedures

Your employment with Kurtosys is subject to our Standard Terms and Conditions of Employment (a copy of which is attached) and all company policies and procedures applicable from time to time. It is your responsibility to familiarize yourself with the standard terms and conditions of employment and all policies and procedures. Policies and procedures are non-contractual and may be reviewed, amended, substituted, supplemented or withdrawn by Kurtosys.

Kindly let me have your acceptance of this offer by signing and returning the enclosed copy of this Offer Letter, the Standard Terms and Conditions of Employment and any annexures, to me by no later than close of business on 12 May 2026.

If you accept employment with Kurtosys, please send through the following documents on your first day, unless these have already been sent to us:

- Identity document
- Work permit, where applicable
- Proof of address
- University degree, diploma or certificate and academic transcript
- Educational, professional, safety and training diplomas or certificates
- Marriage and/or birth certificates when applicable
- Banking Details

I would like to take this opportunity of welcoming you to the Kurtosys team and look forward to a long and mutually rewarding relationship.

Yours sincerely,

Sunil Odera
Chief Technology Officer

Please note: by signing this offer letter you agree to the above terms and conditions of employment as well as to the Standard Terms and Conditions of Employment, which you have read and understand.
